As a result of a Department of Defense initiative to bolster the economic security and stability of the military community, Service members and their families are noticing a decrease in pricing on most grocery items in their commissaries.

The initiative lays out comprehensive actions to support military members struggling with the financial impacts of inflation, supply chain disruptions and the pandemic.

Executed in early fiscal year 2023 as a "Taking Care of Our Service Members and Families" initiative, the added DOD investment supports DeCA's efforts to improve the quality of life of our eligible patrons by saving them at least a quarter on every dollar they spend on groceries.
